
Atif Tausif

3749 81st Street • Jackson Heights, NY 11372 • atiftausif99@gmail.com • (347)-216-7848

Education

CUNY City College

Computer Science GPA: 3.56

Relevant Coursework: Discrete Mathematics: 4.0 Data Structures: 3.7 Algorithms: 3.3

Harlem, New York
Junior

Bronx High School of Science

SAT: 1510 GPA: 94.62

The Bronx, New York
June 2023

Skills & Interests

Programming & Tools: Python, Java, C++, C#, Git

Data Science Libraries: pandas, NumPy, Matplotlib, Seaborn

Concepts: Data cleaning, Exploratory data analysis, Statistical analysis

Language: Bengali (Fluent)

Interests: Reading, Building and Modding Keyboards

Projects

Pokemon Data Analysis

- Conducted exploratory data analysis using Python, pandas, and NumPy to examine correlations between Pokémon types and average base stats
- Cleaned and structured datasets, applied statistical methods, and visualized results using Matplotlib/Seaborn
- Created data visualizations with Matplotlib and Seaborn to identify trends, showing Dragon-types consistently ranking among the highest in overall stats

Experience

Math N' More

Summer Intern

Seattle, Washington
July 2025 – August 2025

- Created and managed social media campaigns for the 5-year anniversary of Math n More, raising over \$3,000 in donations
